Mexican Medical, Inc. Statement of Faith

WE BELIEVE in God the Father, an infinite, personal spirit, perfect in holiness, wisdom, power and love.

WE BELIEVE that He concerns Himself in the affairs of men; that He hears and answers prayer, and that He saves from sin and death all who come to know Him through Jesus Christ.

WE BELIEVE that the Bible is the Word of God, written under the inspiration of the Holy Spirit, infallible and without error in the original manuscripts and that it is the supreme authority in all matters of faith and conduct.

WE BELIEVE Jesus Christ is God's only begotten Son, conceived by the Holy Spirit.

WE BELIEVE in His virgin birth, sinless life, miracles and teachings.

WE BELIEVE in His substitutionary atoning death, bodily resurrection, ascension into heaven, perpetual intercession for His people and personal visible return to earth.

WE BELIEVE in the Holy Spirit, by whose regenerative work sinful man is born again and by whose indwelling regenerate man is enabled to live a godly life.

WE BELIEVE that all have sinned and come short of the glory of God but that the triune God has provided for the forgiveness of our sins. We need only confess our sins, acknowledge Jesus Christ as Lord and Savior, and accept Him into our hearts and lives.

¿Puedes hablar español?

Please answer the language question on the application form according to the guidelines provided below.

This rating system uses a scale of 0 to 5 to denote a person's level of proficiency in a particular language. With this rating scale you can more precisely evaluate where you are at in your language-learning endeavor, and set goals for where you need to be.

Level Zero. The zero level is where we all start- no ability in the language. Once you have learned to use at least 50 words appropriately, you have graduated to the zero-plus level.

Level One. At level one, you are only able to express the most essential things to survive, like ordering a meal, asking directions to the bus station, basic greetings and leave-takings, etc.

Level Two. By the time you reach level two, you should be able to handle some limited work requirements, though your vocabulary is still quite limited and your accent is still quite noted.

Level Three. Level three is when you have achieved a minimal professional level of proficiency in the language. You speak well enough that you can make close friendships, and you are adjusting pretty well to the culture.

Level Four. A level four rating indicates full professional proficiency in your handling of the language.

Level Five. And finally, level 5 is when you have reached the level of speaking like an educated native speaker- a tall order!

There are levels in between each level to indicate you are well along towards the next highest level, but are not quite there yet.

It is important that you be honest with yourself and evaluate what level you are at in your Spanish. If you are not at the level you need to be at, you need to do some serious thinking about how you can increase your proficiency to the necessary level. The better you learn the language (and the culture that goes along with it), the more satisfying your experience in Mexico will be.
