

Johnson Journal

A Publication of Dave & Lynne Johnson

School Outreach Family News Sewing Classes Opportunities

February was the fifth year we have been invited into the local school for our "Health Fair". This year we were in six schools in four days and had the privilege of teaching about 700 grade school children. At the end of each "Health Fair" the school directors invited us back for next year. In fact we even had teachers and directors of other schools come and ask us to bring this program to their school. As a result of the invitations to more schools we are confident we can take the program into 12-14 schools next school year.

Jon and Patti Sturdivant gave us our third granddaughter. Jordan May was born February 6. Lynne was able to fly up to Salem, Oregon to spend two weeks helping the new parents and playing grandma. Dave is looking forward to seeing the new baby in late April.

Jordan sleeping on Daddy

Jeff and Anna Johnson have been allowing us to bring our other two granddaughters to San Vicente three times each year for a week at a time. We love this and they interact with the local children very well.

School Outreach-San Vicente

Our challenge is people willing to give a week November 7-13 and February 27-March 5, 2011. We especially need people fluent in Spanish but also need assistance in all areas.

Eric and Kim Lochbrunner have each finished a new level of education and have new jobs in their field. PTL!

We are blessed to have children who support us in our ministry.

The sewing classes continue to provide opportunities for people to develop new skills as well as self-esteem and confidence. It is not unusual to see the ladies staying after class to talk about life issues. A few of the ladies are in the early stages of learning about micro enterprises and how to turn their newfound skills into support for their families.

Lori and some sewing students

1. *Interns, people willing to come for 8 weeks or more to serve and assist us in ministry.*
2. *Long term partners, people willing to come and serve for a few months or longer to assist us in ministry.*
3. *Craftsman to work on specific projects in San Vicente. Some projects needed on the mission base and others are in partnership with the local church.*

MDU serving in Ensenada

MDU

We took the mobile dental unit (MDU) to Ensenada to partner with Pastor Francisco and Olive Tree Children's Min. for 3 days. Pastor says our MDU provides opportunity for him to meet new people and meet some needs of the people he ministers to on a weekly bases.

Prayer and Praise

- Praise for opportunities in the schools
- Pray for continued partnership with the local churches
- Praise for teams to provide resources to continue and expand ministry
- Prayer for future planned outreaches

"Angel Profile"

Alba has been a faithful "Angel" for three years. She has proved to be an effective teacher of the new and younger youth. Her sensitivity to the younger "Angels" has proven to be valuable and appreciated. Pastor Jose considers her to be one of the solid, faithful, dedicated young ladies of the youth ministry. She is a great example to others by her desire to serve God.

Alba's family lives and works on a local ranch which produces vegetables for markets in the USA. Her father and older brothers manage the local operation for the company. It has been our privilege to know this family as part of the local church.

We are blessed to have Alba as one of our faithful "Angles".
