

Good News

With a monkey flying through the air and kids running into each other it was quiet a sight. The game was like basketball but using a stuffed monkey instead of a ball and the goal being stuffing the monkey into a bucket. After the kids played for a while they sat down to sing, listen to God's word and do the craft which they proudly took home. Our "Angels", Mexican youth team, partnered with Good News Church to help with teaching God's word and even teaching the kids a new song.

The team also helped build the walls on the second story of a classroom facility at church. The church men built the trusses and put the roof on after the team left.

Stanfield Baptist

Stanfield's first missions team consisted of five adults but they were focused. Several needed projects on the mission including repainting the front entrance were completed. The weather was unusually hot and as a result care was taken to stay out of the direct sun during the hottest part of the day. Our children's outreach at San Rafael was perfect. The "Angles" preformed like pros with each one taking a day to lead the songs, tell a Bible story, and lead in prayer.

Flo had some awesome crafts and even the ladies (San Rafael mothers) enjoyed the unique crafts.

Oregon Trip

In late August we took our annual trip to share with our supporters and in churches. While in the northwest we were able to attend Dave's fathers 90th birthday party. It was wonderful to see so many of our family together and enjoying the afternoon. We were able also to visit many of our supporters and make new friends in several communities.

Opportunity

God has given us a fantastic opportunity to go into the school near San Vicente again this school year. In February we have plans to teach community health education in eight schools during the week of February 21-26.

The privilege of sharing in the schools also bring responsibility to perform well. That means we need people who are fluent enough in Spanish able to teach a simple health lesson. We also need people willing to help with the games designed to reinforce the teaching as well as other support staff.

If you would be willing to help please contact Kristi Libby at klibby@mexicanmedical.com or Dave & Lynne.

Thank You

We want to thank you for your prayer and continued support. We know that the down turning of the world economy has affected each of us in different ways but God has promised to meet our needs. Lynne & I can attest to God's faithfulness and He, through you, makes it possible for us to continue serving in MX.

Praise & Prayer

- Praise for Mexican church partnerships
- Prayer for wisdom to make best use of our time & opportunities
- Praise for "Angels" our Mexican Youth Team
- Prayer for "Angels" as we endeavor to disciple them in their walk with Jesus Christ

"For the word of God is living and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow; it judges the thoughts and attitudes of the heart."
